COVID-19 Screening for Parents

Every morning before you send your child to school please check for signs of illness:

1. Does your child have any sign of illness above?
2. Were you in close contact (within 6 feet for a total of 15 minutes over a 24-hour period) with anyone confirmed with COVID-19?
3. If the answer is YES to any of the questions, DO NOT send your student to school. Instead, begin isolation of your child and contact your healthcare provider. Have you been tested for COVID-19? Only a positive test or provider diagnosis can confirm if someone has a current infection.
4. Please keep your student home until they meet the criteria on the chart on back of the page.

If you have trouble breathing, chest pain, new confusion, inability to wake or stay awake or bluish lips or face CALL 911!

*May present with more than one symptom. This list does not include all possible symptoms.*
