Gary's famous family touts COVID-19 vaccine

Marlon and Tito Jackson were unofficial vaccine ambassadors in a recently released video including Kevin Sligh, acting regional administrator of FEMA Region 5. "At first, I was a little skeptical. But I said to myself, 'What if you're wrong? And you don't get vaccinated?"

But somehow, this secret killer COVID captures you. What are you going to do then? You can't see this thing. It's best to be vaccinated. Be safe," Tito says.

Don't let lack of childcare prevent you from getting vaccinated

Several Indiana organizations are offering free childcare for parents who want to get themselves or their older children vaccinated. Through early July, select locations of these organizations are opening their doors. Find a location near you:

To date, **2,623,766** Hoosiers have been fully vaccinated!

Vaccine available at mobile clinics statewide

With a goal of getting more kids vaccinated, several mobile clinics dispensing the Pfizer vaccine are planned. (All sites also will administer the single dose Johnson & Johnson vaccine and operate 9 a.m. – 6 p.m. unless noted.)

Pfizer vaccine is available to anyone age 12 and older. Walk-up appointments are offered at most vaccination sites, but you can save time by making an appointment in advance. Visit [OurShot.IN.gov](https://www.ourshot.in.gov) and search by clinic's name or city.

Extended hours at pharmacies

Select pharmacies across Indiana are staying open late every Friday in June to offer more flexible appointment availability for the COVID-19 vaccine. These extended hours will ensure that everyone can get vaccinated at times convenient to them. (Not all pharmacies are participating, so check with your specific location.)
