After July 1, 2021, local school corporations will be responsible for implementing whatever measures and restrictions are deemed necessary to address the impact and spread of COVID-19 in their buildings, facilities and grounds, including transportation, as outlined in Executive Order 21-15. The state Department of Health has made the following recommendations based on guidance from the Centers for Disease Control and Prevention (CDC). Additional Fall 2021 Back to School Guidance is available here.
COVID-19 Grades 7-12
Vaccinated/Unvaccinated Guidance

After July 1, 2021, local school corporations will be responsible for implementing whatever measures and restrictions are deemed necessary to address the impact and spread of COVID-19 in their buildings, facilities and grounds, including transportation, as outlined in Executive Order 21-15. The state Department of Health has made the following recommendations based on guidance from the Centers for Disease Control and Prevention (CDC).
